EXPERIENCE

PHP | Laravel

- Developed a dynamic web application using PHP Laravel as part of coursework, showcasing understanding of MVC architecture.
- Implemented features such as user authentication, CRUD operations, and form validation to create a fully functional application.
- Implemented RESTful API integration into Laravel projects, showcasing the ability to connect frontend and backend components.
- Handled data requests and responses, demonstrating a practical understanding of API communication.
- Created and maintained project documentation, including code comments and README files, to facilitate collaboration and understanding.

Ux/Ui Design

Ux/Ui Designer | Nifty It Solution (01/12/2022 - 01/02/2023)

- Collaborated with clients and stakeholders to gather requirements, translating them into intuitive user interfaces for both web-based and mobile applications.
- Developed wireframes, prototypes, and mock-ups to illustrate design concepts and user flows.
- Worked closely with development teams to ensure seamless implementation of designs and adherence to UX/UI principles for various mobile applications and web pages.
- Conducted user research, usability testing, and analysis, leveraging findings to inform iterative design improvements and enhance the overall user interface design.

UI/UX Design Intern | Nifty It Solution (01/09/2022 - 30/11/2022)

- Executed creative projects encompassing website and mobile application design, including logo design, social media posts, banners, and company flyers.
- Gained hands-on experience in professional user interface design, contributing to the enhancement of overall user experience.

SUMMARY

An individual with a keen interest in Software programs, possessing good interpersonal and analytical skills, who wishes to use technical knowledge catering to the needs of the company. I wish to work with a diverse group of people and see myself heading a group of people.

SKILLS

Technical Skills :

Programming Languages
PHP, JavaScript

Frameworks
Laravel, jQuery, Bootstrap, Tailwind.

Database Management
MySQL

Markup/Templating
HTML5, CSS3.

Software
Postman, Adobe Illustrator, Photoshop, XD, Figma, Miro, inVision.

Text Editor
Visual Studio Code, PhpStorm

Version Control
Git, GitHub

Relevant Coursework
- Web Development
- Database Management
- Object-Oriented Programming

Interpersonal Skills :
- Strong problem-solving and analytical abilities.
- Excellent communication and teamwork skills.
- Eagerness to learn and adapt to new technologies.

EDUCATION

National University, Bangladesh.
Bachelor of Business Administration, Accounting.
Session - 2019-20

CCN Model College, Comilla.
Higher Secondary Certificate (HSC)
Session - 2017-18
